

**Список научных публикаций к.б.н., в.н.с. лаборатории молекулярно-генетических систем ФГБНУ ФИЦ ИЦиГ СО РАН Блинова А. Г. по теме оппонируемой диссертации Коваленковой М. В.**

1. V. Vavilova, I. Sormacheva, M. Woyciechowski, N. Ereemeeva, V. Fet, A. Strachecka, S. I. Bayborodin, **A. Blinov**. 2015. Distribution and diversity of *Nosema bombi* (Microsporidia: Nosematidae) in the natural populations of bumblebees (*Bombus* spp.) from West Siberia. *Parasitology Research* 114(9): 3373-3383.
2. K. Ustyantsev, O. Novikova, **A. Blinov**, G. Smyshlyaev. 2015. Convergent evolution of ribonuclease h in LTR retrotransposons and retroviruses. *Molecular Biology and Evolution* 32(5): 1197-1207.
3. Sormacheva, K. Golovnina, V. Vavilova, K. Kosuge, N. Watanabe, **A. Blinov**, N. P. Goncharov. 2015. *Q* gene variability in wheat species with different spike morphology. *Genetic Resources and Crop Evolution* 62(6): 837–852.
4. I. Konopatskaia., V. Vavilova, E. Y. Kondratenko, **A. Blinov**, N. P. Goncharov. 2016. *VRN1* genes variability in tetraploid wheat species with a spring growth habit. *BMC Plant Biology* 16 (Suppl 3) :244.
5. A. Kononov, K. Ustyantsev, B. Wang, V. C. Mastro, V. Fet, **A. Blinov**, Yu. Baranchikov. 2016. Genetic diversity among eight *Dendrolimus* species in Eurasia (Lepidoptera: Lasiocampidae) inferred from mitochondrial COI and COII, and nuclear ITS2 markers. *BMC Genetics* 17(Suppl 3): 157.
6. A. Kononov, K. Ustyantsev, **A. Blinov**, V. Fet, Yu. N. Baranchikov. 2016. Genetic diversity of aboriginal and invasive populations of four- eyed fir bark beetle *Polygraphus proximus* Blandford (Coleoptera, Curculionidae, Scolytinae). *Agricultural and Forest Entomology* 18(3): 294-301.
7. V. Y. Vavilova, I. Konopatskaia, S. L. Luzyanin, M. Woyciechowski, **A. G. Blinov**. 2017. Parasites of the genus *Nosema*, *Crithidia* and *Lotmaria* in the honeybee and bumblebee populations: a case study in India. *Вавиловский журнал генетики и селекции* 21(8): 943-951.
8. V. Vavilova, I. Konopatskaia, A. E. Kuznetsova, **A. Blinov**, N. P. Goncharov. 2017. *DEP1* gene in wheat species with normal, compactoid and compact spikes. *BMC Genetics* 18(Suppl 1): 106.
9. K. Ustyantsev, **A. Blinov**, G. Smyshlyaev. 2017. Convergence of retrotransposons in oomycetes and plants. *Mobile DNA* 8: 4.

10. G. Vasilyeva., V. Vavilova, K. Ustyantsev, I. Sukhikh, **A. Blinov**, S. Goroshkevich, V. Sokolov. 2018. Genetic diversity of *Pinus sibirica*, *P. pumila* and their natural hybrids based on non-linked nuclear loci. *Dendrobiology* 79.
11. N. V. Pashenova, A. V. Kononov, K. V. Ustyantsev, **A. G. Blinov**, A. A. Pertsovaya, Yu. N. Baranchikov. 2018. Ophiostomatoid fungi associated with the four-eyed fir bark beetle on the territory of Russia. *Russian Journal of Biological Invasions* 9(1): 63–74.
